Tognana, dove l'Arte è storia

Tognana, where Art is at home

Tutto ha inizio nel 1775, a Casier in provincia di Treviso, quando la famiglia Tognana è attiva nel settore dei laterizi e vi affianca la produzione delle ceramiche. La vicinanza di un punto di riferimento culturale come Venezia, contribuisce in modo decisivo allo sviluppo di un marchio che pone sempre in primo piano design ed estetica. Ancora oggi Tognana può vantare le proprie **origini di laboratorio artistico**, trasmettendo passione ed emozione all'interno di una realtà industriale.

Il 1946 è l'anno in cui l'azienda passa dalle maioliche alla porcellana, diventando in breve tempo un prestigioso tassello della migliore manifattura italiana. La forza e la crescita del marchio hanno permesso negli anni di estendere il **know how in nuove categorie prodotto**, in particolare nel segmento cottura, affermando Tognana come realtà dedita all'innovazione tecnologica.

It all began in **Casier, in the province of Treviso, in 1775**, when the Tognana family was in the brick sector and worked alongside ceramics manufacturing. The proximity of Venice as a cultural landmark contributed definitely to the development of a brand that puts design and aesthetics at the forefront. Even today, Tognana is still proud of its **origins as an art workshop**, with its infectious brand of enthusiasm and excitement that finds itself in an industrial organisation. The company transitioned from majolica to porcelain in 1946, becoming an illustrious pillar in the best of Italian manufacturing in just a brief period of time. The brand's strength and growth over the years have allowed it to extend its **know-how into new product categories**, particularly in the cooking sector, establishing Tognana as a company with a firm focus on technological innovation.

Tognana produce prodotti tessili che rappresentano la sostenibilità dei suoi valori, in grado di rispondere alle richieste di un consumatore sempre più esigente e ricercato: con particolare attenzione alla scelta delle materie prime, nei processi di produzione si applica una filosofia eco-friendly. Molte delle nuove linee tessili sono realizzate in cotone riciclato, ottenuto mediante il recupero dalle lavorazioni e integrato con fibre rinforzanti, mantenendo la qualità del prodotto e risparmiando una grande quantità di acqua. Nella maggior parte della produzione viene utilizzata solo energia proveniente da fonti rinnovabili e si riduce al minimo l'utilizzo di prodotti chimici nocivi alla salute dell'uomo e dell'ambiente. L'assenza di sostanze tossiche durante questi cicli produttivi, conferisce ai prodotti Tognana la certificazione OEKOTEX, uno standard internazionale che ne attesta credibilità e sicurezza.

Il concetto di decorazione voluto nell'offerta tessile Tognana si completa attraverso ricerca e selezione a garanzia di standard qualitativi in continuo miglioramento, si contribuisce a diffondere la reputazione di un marchio versatile, sfaccettato e allo stesso tempo affidabile. Colori testati per non stingere, una tessitura che mira a ridurre il restringimento anche dopo il lavaggio, angoli a cappuccio per la migliore rifinitura e resistenza dei bordi. Le linee tessili firmate Tognana uniscono tradizione e innovazione in un unico, pregiato prodotto.

Tognana textile with recycled fibers

Tognana produces textiles products to meet the needs of an increasingly demanding and sophisticated consumer: a large part of the range is made following an eco-friendly philosophy through the choice of raw materials used for the production. Many of the textile lines are produced with recycled cotton, obtained from processing waste, to which a certain amount of reinforcing fibres are added. Using this recycling process means large quantities of water can be saved and the use of chemical substances during the manufacturing cycle reduced. This hugely benefits eco-sustainability and guarantees excellent manufacturing quality. Lastly, only energy from renewable sources is used in most of the production process, which earns **Tognana products OEKOTEX certification**, a standard that checks and controls the presence of toxic substances (for humans and the environment) in textile products, protecting consumer health.

The decoration concept in the Tognana's textile offer is completed through research and selection to guarantee continuous quality standards improvement and help to spread the reputation of a versatile, multifaceted and reliable brand at the same time. Colors are tested not to fade, a weave aimed to reduce shrinkage even after washing, double fold hem for the best edge finish and strength. The textile lines designed by Tognana combine tradition and innovation in a unique and refined product.

MAESTRIA ITALIANA

Tognana è in continua evoluzione ed aggiornamento al fine di realizzare prodotti che soddisfino le esigenze più attuali dei consumatori, con tecniche e tecnologie innovative e moderne. Lo testimonia un ulteriore investimento in Italia, nella sede di Casier di Treviso, per essere più vicini agli Italiani e per offrire la qualità del Made in Italy: una nuova macchina che realizza il decoro con la nuova tecnica della stampa digitale, esprimendo al massimo la creatività dei designer italiani e della esperienza e del gusto Tognana pensati per le case degli Italiani.

L'eccellenza del Made in Italy

La maestria e la cura che contraddistinguono il saper fare Italiano sono al 100% nel cuore della nuova proposta in fine e resistente porcellana di set piatti, insalatiere, piatti rotondi e pizza. L'intero processo di realizzazione è Made in Italy a garanzia dell'eccellenza di ogni fase che include progettazione, design, ideazione decoro, realizzazione, verniciatura, decorazione e cottura, imballo e spedizione, fino all'assistenza post-vendita. La scelta di questa nuova tecnologia è guidata dalla consapevolezza di raggiungere una qualità superiore grazie alla maestria del processo creativo e produttivo italiano abbinata ai vantaggi di questa alta tecnologia di stampa digitale che, insieme, assicurano un decoro indistruttibile, che non sbiadisce e rimane invariato nel tempo.

Vicini al tuo mondo

La filiera corta di un progetto tutto realizzato in Italia concentra le attività in un unico luogo evitando una serie di consumi che sarebbero altrimenti necessari per spostamenti o lavorazioni esterne. Scegliere un prodotto della linea Made in Italy by Tognana con decoro stampato digitalmente contribuisce a salvaguardare l'ambiente in quanto la produzione richiede minori consumi energetici, per la particolare tipologia di cottura e lavorazione che necessita. Il sapore di un genuino prodotto vicino a casa nostra, ecosostenibile e di qualità.

Tognana is constantly evolving and improving in order to create products that meet the most current needs of the customers, with innovative and modern techniques and technologies. A further investment in Italy is proof of this, in the Casier di Treviso headquarters, to be closer to the Italians and give the quality of Made in Italy: a new machine that creates the decoration with the innovative technique of digital printing, expressing the creativity of Italian designers and the experience and taste of Tognana designed for the homes of Italians.

The excellence of Made in Italy

The mastery and the care that distinguish Italian know-how are 100% at the heart of the new collection made of fine and resistant porcelain with dinner sets, salad bowls, round and pizza plates. The entire manufacturing process is Made in Italy to guarantee the excellence of each phase which includes planning, design, decoration design, creation, painting, decoration and firing, packaging and shipping, up to after-sales assistance. The choice of this new technology is guided by the awareness of achieving superior quality thanks to the mastery of the Italian creative and production process combined with the advantages of this high-tech digital printing which, together, ensure an indestructible decoration, which does not fade and remains unchanged forever.

Close to your world

The short production chain of a project entirely carried out in Italy concentrates the activities in a single place, avoiding a series of consumptions that would otherwise be necessary for transportation or external processing. In addition, choosing a product from the Made in Italy by Tognana line with a digitally printed decoration contributes to the protection of the environment, as production requires lower energy consumption due to the particular type of firing and processing. The taste of a genuine, high-quality, sustainable product close to our home.

Fantasie ispirate alle cementine donano un tocco orientale e retrò abbinato alla modernità dello spennellato.

Patterns inspired by cement tiles give an Eastern and retro touch combined with the modernity of the brushed effect.
